The Fountain of Youth staff and board wish safe and well wishes to all as we enter the fall season. Thank you to everyone who joined us for our outdoor socially-distanced participant graduation in August and our Virtual Transforming the Future event. As our participants continue to change their lives and mindsets, we continue to work on the best ways to guide them toward their goals. Additionally, we have begun the process of hiring a Program Manager. The job is posted, and we are excited about what this opportunity means for the growth of our organization. Thank you for your support in all we do.

# WANT TO GET MORE INVOLVED?

Join Community in Change today. Community in Change is unique. It's not a class. It's an opportunity to take a personalized journey to learn more about generational poverty and discover more about yourself. Through this journey, you will be challenged to think in new ways and uncover ways that you can become a part of the solution to many social problems in our community.

## ABOUT COMUNITY IN CHANGE:

### INDIVIDUAL OR GROUP SESSIONS

INDIVIDUAL: 6 WEEKS    GROUP: 4 WEEKS

### CHANGED MINDSET

Be the change you wish to see in the world.

- MAHATMA GANDHI

"The guest speakers as they spoke from a place in the heart. Their honesty was "raw" and gave meaning in a way I haven't experienced in prior diversity workshops. If you don't feel it, you can't process it. I felt it!"

"Thank you so much for this opportunity and the vulnerability of the folks who shared their stories. Their stories were very powerful."

"Very helpful to get first-hand stories of people with experiences very different from my own."

"I learned much about myself and gained some perspectives I was lacking."
